THE TRIBUNE.

FRIDAY, OCTOBER 3, 1856

John Van Buren, the "Prince" of Free-soilers and Abolitionists in New York, is stumping the Abolition districts of Ohio for Buchanan. How do Southern pro-slavery men like the affiliation with the Abolition Van Buren for Buck and Breck? Rather an "epicurean" dose ain't it?

The Democratic papers are denying now that they ever claimed Maine! After the second Tuesday of October, they'll deny that they ever claimed Indiana or Pennsylvania. The truth is, that every Democratic paper in the country claimed Maine for Buchanan before the late election, and some of them claimed it afterwards.

VERY SIGNIFICANT.—There is a Fremont and Dayton electoral ticket in Kentucky, composed principally, if not entirely, of men who have hitherto been Democrats. We find in the Virginia Free Press, of the 11th instant, that a Fremont and Dayton electoral ticket has been selected by the Free-soilers of Virginia, complete, with the exception of the two electors for the State at large, and that all of the persons on this ticket are Democrats. The Free Press says that all of them were Democratic members of the last Virginia Legislature, and that they are the identical thirteen who voted against the Virginia fugitive slave law in that Legislature.

TEN THOUSAND CONVERTS!—The stampede, says an exchange, which has taken place in Indiana among the Buchanan and Fremont men, is alarming the Democratic Federal Foreign Party to a fearful extent. As many as 10,000 men went over to Fillmore and Donelson. So says a member of Congress just returned to Washington from Indiana. This is only the beginning of the end of matters in Indiana, Illinois and Ohio. Revolutions never go backwards. All the Fillmore party have to fear is, that Buchanan will be withdrawn in these States, so as to concentrate their forces on Fremont. Already, in Indiana, Illinois and Ohio, are the Democrats said to be petitioning the Central Committee at Washington to take Buchanan off the track! Look out in the North, for a single-handed race between Fillmore and Fremont!

TWO HUNDRED AND FIFTY MICHIGAN DEMOCRATS DECLARING, IN A BODY, FOR FREMONT.—The Detroit Advertiser, of the 20th inst., publishes an address to the Democrats of Michigan, signed by two hundred and fifty Democrats of Michigan, expressing their determination to vote for Col. Fremont, and giving their reasons for so doing. The address commences as follows:
"In view of the almost irreparable injuries that have been inflicted upon our Democratic institutions, the long established principles of the Democratic party, and the peace and prosperity of our beloved country, by the administration of Franklin Pierce, and the still greater injury threatened by the election of James Buchanan, who has given his unqualified and cordial approval to all its wicked measures, and stands solemnly pledged, as well by his own declaration, as by the Cincinnati platform.
"We the undersigned, who have uniformly acted with the Democratic party, and who voted for Franklin Pierce in 1852, feel it to be our duty as Democrats, as friends of our country, and as good citizens, publicly to declare our determination to oppose, in every honorable way, the election of James Buchanan, and to give our influence and our votes to John C. Fremont, and to set forth the reasons which have impelled us to this course."

So they go, in Michigan, Maine, Iowa, everywhere in the North, and yet these are the men upon whom the South is incessantly invoked to rely for the preservation of her rights and institutions.

Popular Sentiment of the North.

A gentleman of Tennessee who has been travelling through the North, writes a letter to the Nashville Patriot from which we make the following extract:

In Southern Indiana the Fillmore cause was daily gaining friends. Freomontism was declining, and was flourishing, and was still strong, but I had every assurance from those who study it was to observe the victory of the political master—namely, the South, and their victory was in the American prospects—that a Democratic revolution had set in which was sweeping rapidly. Buchananism was steadily showing itself. In fact there is no doubt but that the Buchanan party is the third in the field throughout the entire North and Northwest. I know that it is where I have been, and my information is that the same condition of things is observed in other places. I am not, as you know, a politician, and my temperance and indignations will ever forbid me from being one—but I speak where I do know when I state that true men of the South, are being misled when they allow themselves to incline towards Buchanan as the strongest man against Black Republicanism. If the fell spirit had nothing to contend against in the Northern States but Buchanan and his party, no human agency could prevent Fremont from receiving 176 electoral votes—the entire Northern strength in the college. The Northern Democracy, before the anti-slavery whirlwind which has been excited is nothing but a straw or leaf—there is not enough of it to make sport for the tempest. The men who support the Northern sectional movement held Democratic responsible for what they term the Kansas inquiry, and their great aim is to defeat and rebuke the party which played the principle part in the drama, whose fifth act threatens so terrible a denouement. I am inclined to think that many good men have fallen in with this movement, not so much with the expectation or desire that any practical result should follow its success—such for instance as an attempt to repeal the Kansas act and reinstate the Missouri line—but to prevent the ascendancy of that which brought upon the country the present agitation.

They were willing and are now willing that the agitation of the slavery question should cease, but say that they feel so strongly that it with while Democracy is in the ascendancy. It is such men as these who are daily recanting the Fillmore ranks. Reflection after the gust of passion has subsided, has taught them that they are in the wrong party for men who hold national and conservative views, and they are rallying by thousands to the standard of that man whose whole public life shows that he never had any other—and under whose administration they can rest secure from agitation and disturbance. The universal cry throughout the North is, down with Democracy, and it is down—deeply down. Many have thought that the best mode to put it down was to join the Black Republican tide and sweep it from power—but a conservative sentiment has asserted its strength, and the moderate men of the North are flocking to Fillmore as the proper man. This movement is evident to any one who will come here, and keep his eyes open.

On my travel to this city, I observed along the whole route the same state of facts which met my observation when first I landed upon free-soil. That Fremont is strong there can be no doubt, but if possible there is less doubt, that Buchanan is weak, irremediably weak. He is declining day by day, from the exhaustion of that law of his nature which is compelling him to do more than he can do. He is declining day by day, from the exhaustion of that law of his nature which is compelling him to do more than he can do. He is declining day by day, from the exhaustion of that law of his nature which is compelling him to do more than he can do.

THE CORRECTION FUND.—Not long since the Postmaster at Liberty, Antioch county, Mississippi, received a circular from Washington calling on him to send in the names of the foreigners in his county, and a certain sum of money, to aid in defraying the expenses of the Democratic party in the election. The Postmaster declined doing either. He was thereupon removed from office. In a card to the people he says:
"I have not yet sent off the names of the foreigners in this vicinity as lately required; nor did I think that I could afford to set aside a portion of the small income of the office, to assist in sending Democratic documents to town. Whether such instructions were ever issued from the Post Office Department or not, one thing is certain, the menace accompanying the refusal has certainly fallen upon me—the threat that upon non-compliance with the order I would be removed, is certainly being executed."
E. L. BRAMLET.

Forbidden fruit is sweet.

The Prospect.

The delegates to the National Convention, now in the city, speak in the most encouraging terms of the prospects of Mr. Fillmore. The cry that Mr. F. has no chance, that the contest is a foregone conclusion between Buchanan and Fremont, and that they must be permitted to fight it out, uninterrupted by any attempt of the moderate men of the country to settle the contest upon the middle ground of concession and compromise, has not clouded their faith in the possibility of arresting the fratricidal agitation by the defeat of both the parties to it. From the Northern delegates, we indeed hear in the most confident terms, the declaration that upon the exertions of Mr. Fillmore's friends depends the defeat of Mr. Fremont, that Maine, Iowa and Vermont are but faint samples of the overwhelming reversion of sentiment in that section of the country against the Democratic party and its nominees, and that unless Mr. Fillmore is heartily endorsed and supported by the South, and encouragement thus given to his friends at the North and West, Fremont will, beyond all doubt, be the next President. Buchanan, they say, cannot carry any of the free States, that he is to the North, what Fremont is to the South, and that every effort to narrow the contest down to a sectional contest, is an effort in favor of the triumph of Black Republicanism.

The spirit manifested by the delegates from the South and Southwest is most cheering. Unless the delegates from Kentucky are entirely infatuated, knowing little of the political feeling of the people there or of the chances of the contest, the expectation that Buchanan will carry that State is the very last gasp. They claim it for Fillmore by at least five thousand majority. The Louisiana and Tennessee delegates are also confident of the friends of the Union, to give both those States to Fillmore. The Whigs there are represented as united in his favor, and full of hope and confidence. The Georgia delegates also speak cheerfully. Mr. Fillmore has a personal popularity in that State possessed by no other statesman. From New York we have the strongest representations of Mr. Fillmore's prospects. From what we have already heard, there would seem no doubt that the gathering of the delegates here will bring out a better knowledge of the political condition of the country, and afford the strongest encouragement to those who are laboring to unite the Whig vote of the country upon the "model President."

FREMONT IN VIRGINIA.—A Fremont and Dayton Electoral ticket has been formed in Virginia. The following is the list, complete, save two electors for the State at large, which have not yet been announced:

- 1—Charles W. Newton, of Taylor.
- 2—Andrew S. Holden, of Harrison.
- 3—John S. Barnes, of Marion.
- 4—R. W. Caruthers, of Monongalia.
- 5—John Crabtree, of Lee Taylor.
- 6—Absalom George, of Taylor.
- 7—Wm. Lantz, of Monongalia.
- 8—Isaac Parsons, of Hampshire.
- 9—James B. Koe, of Pendleton.
- 10—Joseph Kelley, of Russell.
- 11—Hiram Ryals, of Scott.
- 12—E. T. Brandon, of Preston.

The Richmond Whig says that "every one of the above Fremont electors were Democratic members of the last Legislature. And what is more, they constituted the black list of thirteen who voted against the bill providing for the protection of the slave property of the State. We always knew that if a Fremont electoral ticket should be formed in Virginia, it would most certainly be gotten up by, and composed of Democrats. And sure enough it has turned out just as we anticipated.—All the Fremont electors in Virginia are Democrats! Voters of Virginia and the South, bear this fact in mind. This is no Whig lie!

TO BE COMMEMORATED.—We may be, as the Baltimore American says, unable to appreciate the process of reasoning which has induced gentlemen formerly attached to the Whig party to pass by the claims of Mr. Fillmore and give their support to the men and measures of the Democratic party, but we at least can fully sympathize with them in the disagreeable necessity their new position forces upon them of receiving the praise of a press that long years of abuse and scurrility had taught them to regard with feelings of contempt and loathing. To be now confessing, as we are, to the "Whigs," and commending their consistency by a paper the very touch of which they have regarded as defilement, is a degradation that must bring with it a soreness deserving of sympathy. We bespeak of their new friends an effort to spare them this infliction, or being unable to bear such "satire in disguise" they may seek some other way of saving their country than by voting for Mr. Buchanan. Let it be their office to bury Caesar, not to praise him.

HE CAN'T STAND HIM.—Col. George W. Gayle, a leading Democrat of Alabama refuses to support Buchanan, because he regards him as a freesoiler. He says in a recent letter:
"How much I have esteemed Mr. Buchanan as a Democratic statesman of the patriotic order, and the preservation of slavery, as I have now seen, is as of highest importance and I will not vote for him because he believes that 'Congress has exclusive jurisdiction over slavery in the Territories'—a policy of direct abolition. See his letter to Mr. Sanford."

The Case Briefly Stated.

There are three Northern men in the field for the Presidency. Which is the soundest on the questions involving the Union and the Constitution? The whole heavens and the whole earth, with one voice, respond:

"MILLARD FILLMORE!"
Fremont is out of the question, and Buchanan, to say the least, is out of the question. The party which brings him forward, also brought forward Martin Van Buren and Franklin Pierce. Will the South—will the Democratic party—stability itself again by rushing headlong into the same snare in which it has been twice caught, and which has twice shaken the Union to its foundations? Look at the Buffalo platform; and look at the civil war in Kansas, and at the Black Republican party, of which Pierce is the father and founder!

We believe, as firmly as we believe in the Christian religion, that the salvation of the South, of slavery, and of the Union, depend upon the election of MILLARD FILLMORE! Southern men have to give up either foreign Abolitionists and James Buchanan, or the Union and slavery! Choose ye!

MODERATION.—The idea of the anti-Americans, or Democracy, as they style themselves, par excellence, claiming the support of the Whig party, for Buchanan on an account of intellectual abilities, moderation, prudence, conservatism, as a statesman, long (but fact) experience, extensive information, dignity and courtesy of manner as a gentleman, is exceedingly ridiculous and absurd. Do the anti-Americans remember what they said of Old Hays? Charging him with intrigue, bargain and corruption, branding him as a blackleg and professional gambler, as a profaner of the Sabbath, and last, though not least, do they remember their support of James K. Polk, a mere pigmy in comparison, and then have the face—the cheek—the effrontery, to call upon the Whigs—those who love to honor Henry Clay—to vote for Buchanan and Breckinridge? It is adding insult to injury, and those who revere the memory of their great life leader, the great American General, spit upon all such sickening appeals. The "unwashed" must certainly have crossed the waters and licked the "blarney-stone."

DEMOCRATIC ECONOMY.—One of the resolutions of the platform adopted by the Democratic Convention at Baltimore in 1852, and solemnly reaffirmed by the delegates of the same party in a National Convention at Cincinnati in 1856, gravely announces it as one of the cardinal principles of the "American Democracy," that it is the duty of every branch of the Federal Government, "to enforce and practice the most rigid economy."

The present Secretary of the Treasury announces that for the fiscal year ending on the 30th of June last, the expenditures of the Government amounted to the sum of \$1,226,857,719. The administration cost for the year, \$31,236,357. Difference for one year, \$34,105,463. By reference to the report of Mr. Corwin, Secretary of the Treasury under Mr. Fillmore's administration, to find that the expenditures of the Government during the fiscal year, 1850-51, amounted to the sum of \$18,075,878. Of this sum \$10,954,484 was paid for expenses incurred by the administration of Mr. Polk, on account of the Mexican war, leaving a balance of \$37,121,394.

THE TRUE SPIRIT.—Here is a resolution, passed by the Fillmore Club of Madison Indiana. It breathes the true spirit, the spirit that should animate and prompt the every action of the friends of Fillmore and the Union:
"That feeling conscious that we belong to the great conservative party who know no North, no South, no East, no West, but our country, one and undivided; we therefore declare to the world, 'and the rest of mankind,' that we enter this contest for FILLMORE WITHOUT THE QUESTION OF 'EXPERIMENT.' We are for him first, we are for him last, and 'sick or well,' 'succeed or fail,' we are now, and we will be until the end of this struggle, for FILLMORE AND THE UNION."

THE MASONIC FRATERNITY.—The "National Governing Bodies" of Free Masonry have been in session at Hartford, Conn., for several days past. In the Grand Chapter the following officers were elected to serve for the ensuing three years: G. G. H. P., Charles Filman, of Md.; D. G. G. H. P., Philip C. Tucker, of Vt.; G. G. K. Amos Adams, of La.; G. S. S., John L. Lewis, Jr., of N. Y.; G. G. J., Edward Raymond, of Mass.; G. G. R., Rev. J. P. Brown, of D. C.; G. G. C. H. J., J. C. Foster, of Iowa; G. G. K. A. C., Wm. C. Downing, of Conn. On Thursday about two hundred of the members had a banquet at the United States Hotel, Mayor Deming presiding. Thomas S. Gouldin, of South Carolina, responded to the toast:
"The American Union—Who will dare to say that the cement of Free Masonry has not made its walls and bulwarks stronger?"

Loud and reiterated cheers prolonged and echoed from every part of the hall.

A Fx.—Hon. E. P. Stanton, in a late speech at Knoxville, produced certain votes of Mr. Fillmore in Congress to identify him with the Abolitionists. A Mr. Maynard rose and cruelly produced a record, showing that Southern Democrats and among them Stanton himself, had given the same votes. Stanton wilted. 'Twas true.

SINGER'S

SEWING MACHINES

GREAT SUCCESS

in every branch of industry

In every branch of industry in which sewing is to be done, these Machines can be used with immense profit. As the speed of the Railway train is to travelling on foot, so in sewing with Singer's Machines compared with hand-sewing. No tailor, shoe-maker, dress-maker, currier, trimmer, saddler, hatter, &c., &c., should be without one. The fair profit of using one of these machines, regularly employed, is

One Thousand Dollars a year.

In all private families where there is much sewing to be done, these machines are an invaluable assistance. Planter and hotel keepers find them particularly convenient and profitable. These machines are simple in their construction, and very strong and durable, being the only kind of Sewing Machine ever made, by which every sort of work, coarse or fine, could be perfectly executed. Thousands of inferior and worthless Sewing Machines have been made and sold under various names, but Singer's Machines alone have been found everywhere to satisfy the wants of the public.

Plain printed instructions for using are sent with each machine, from which any one can readily acquire the art of managing them. The machines are packed securely to go to any part of the world. To all persons desiring more particular information, we will, on application by letter, at either of our offices, forward a copy of I. M. Singer & Co's Gazette, a paper wholly devoted to the Sewing Machine interest.

Fillmore Opposed and Enquirer. Sovereignty."

Can a true Southern man longer hesitate between the "Squatter Sovereignty" and the Model President?

The following correspondence explains itself:

MEMPHIS, Sept. 12, 1856.

Dear Sir:—Understanding that you recently had a conversation with the Hon. Millard Fillmore, on the subject of "Popular" or "Squatter Sovereignty," in which he frankly expressed his views on that important question, I write to request you to put the substance of that conversation in writing, for publication.

I am well aware that Mr. Fillmore subscribes unreservedly to the principles of the Utah and New Mexico Bills, which are utterly antagonistic to the Buchanan and Van Buren doctrine of "Squatter Sovereignty," but the people, I have no doubt, would like to hear what Mr. Fillmore has said to you on the naked question now at issue in reference to the absorbing topic of Slavery in the Territories.

Very respectfully, yours, &c., J. P. PRYOR.

MEMPHIS, Sept. 12, 1856.

Dear Sir:—Your note of this instant, asking, for publication, the substance of a conversation between Hon. Millard Fillmore and myself, upon the subject of "Squatter" or Territorial Sovereignty, has just been handed me. I cheerfully comply with your request, as I was placed under no restraint by him in reference to the matter.

Upon my return home from the North, I called to see Mr. Fillmore at his home in Buffalo, New York, on the 4th inst. During our conversation, I asked him what he thought of "Squatter Sovereignty," and in reply, he entered into a free and unreserved expression of his views. He said he was decidedly opposed to this doctrine, as advocated by Cass, Douglas, Buchanan, Van Buren and others; he believed that a Territory, until its inhabitants were sufficiently numerous to authorize its admission into the Union as a State, could only be regarded as a condition of pupillage, possessing no sovereignty whatever; and referred to the Utah and New Mexico Territorial bills, sanctioned by him, as a correct indication of his opinions.

I was gratified to find that Mr. Fillmore occupied the same position upon this question which is maintained by the American party in the South, and by the whole band of national Americans of the North, headed by such men as FELLER, of Pennsylvania; HAYES, of New York, and others, and I told him I would like to be at liberty to speak of the explanation received from him. He replied he had expressed the same views to others, and that I could make such use of them as I thought proper. Yours, truly, JOSEPH S. WILLIAMS.

Col. Williams, the writer of the foregoing statement, is a planter of Louisiana, and a gentleman of high character and standing, both in that State and in Tennessee, where he formerly resided, to one who knows him will question but he says.

It will be seen that Mr. Fillmore comes out boldly against the odious, unconstitutional, abolition doctrine of "Squatter Sovereignty"—a doctrine which Mr. Callahan denounced as "the most monstrous ever advanced by an American statesman," and as "worse than Wilnot Provisionism;" a doctrine, the Nashville Union characterized as "of all others the most odious to the South;" a doctrine, termed by the Richmond Enquirer "a fair but false and fatal theory;" "an imposture;" "an ugly idol, worshipped only by fools and fanatics;" a doctrine, which the whole Southern Democracy in 1848 repudiated—swearing by all that was sacred to Southern men, they "would never support any candidate for the Presidency or Vice Presidency who maintains it!" We call upon Southern Democrats to comply with their solemn pledges. In order to do so, they must throw Messrs. Buchanan, Breckinridge and Van Buren overboard, and go for Fillmore, Donelson and the Union.

FILLMORE'S PROSPECTS.—The New Orleans Bulletin, in the course of an article discussing the political campaign and prospect, holds this language:

That the Old-Line Whigs will almost to a man vote with the American party in this great struggle for the salvation of the Union, and the consequent perpetuity of the institutions which have been bequeathed to us by sages and heroes such as the world never before saw, may be considered certain. Nor is this all. There are many men in the Democratic ranks who are not to be driven by the lash of the whip, from the deliberate conclusions of their own party judgments, whose intelligence, patriotism, and devotion to the country in this day of its peril will cause them to be above party and to pursue that course which duty in the present emergency plainly dictates. There are tens of thousands of such men in the Democratic party who will vote for Millard Fillmore, just as sure as their lives are spared till the election. We speak advisedly and with deliberation. The evidence of this is thickening around us and gathering every day.

BUCHANAN'S PROSPECTS NORTH AND WEST.—The St. Louis Intelligencer, in reviewing the prospects of Mr. Buchanan, says:

Buchanan is a doomed and defeated man. As surely as Cass was borne down and defeated in 1848, so will Buchanan be defeated now. He will never sit in the Presidential chair. Buchanan will not get a single New England State. He will lose New York and Ohio by nearly 100,000 majority. His strong-hold of Pennsylvania is torn from him, and nothing is more certain than his inglorious defeat in his own State. In all the Northwest, Buchanan is as dead as an Egyptian mummy buried a thousand years ago. He will not get a single State North of the Ohio river, or West of the lakes. He will be overwhelmingly defeated in the Northwest. His mortgaged life—and feel it.

POLITICS IN PHILADELPHIA.—A correspondent of the Cincinnati Times writes:—

PHILADELPHIA, Sept. 21, 1856. Last evening I attended a meeting of the American party in one of the upper wards of this city. Some two thousand persons were present, although it was only a regular assembly of a Fillmore Club. The American feeling in Philadelphia appears stronger than ever. Fillmore Clubs exist in every ward—some wards have half a dozen. The meetings are always crowded, as such men as David Paul Brown and E. Joy Morris are "on the stump," as we say in Ohio, and will continue their labors until election eve. Commodious rooms are fitted up and used as a State depot, or head quarters, from whence the Central Committee operates. The city head-quarters are on the corner of Fourth and Chestnut streets. Everything indicates that the American party is at work diligently and hopefully throughout the State.

Since the Baltimore Convention the Old Whigs of Philadelphia have wakened up. They held a large and spirited meeting on last Friday evening, ratified Fillmore's nomination, and resolved to support him with all their power. The Old Whig vote of Pennsylvania is now sure for Fillmore and Donelson.

WASHINGTON, Sept. 20. To-morrow morning the President's mounted guard will escort Gen. Pierce from the White House to the railroad depot, when he will be received by the field and company officers of the volunteer regiment of the district. The latter will accompany the President as far as Baltimore, where he will be received by the entire brigade of Maryland militia. He will be met at Wilmington by a committee of citizens of Philadelphia. He will pass through, take the five o'clock train to New York, arriving there at ten o'clock to-morrow night.

BROOKLYN, Sept. 20. The Board of Health report seven new cases of yellow fever since Saturday morning, including four deaths. Two new cases are reported at Fort Hamilton, and one death.

DESTRUCTIVE FIRE IN LOUISVILLE.—A great fire took place in Louisville on Tuesday (yesterday) morning by which property to the amount of \$100,000 was destroyed.—The fire originated in Bliner & Porter's Printing establishment on Bullitt street, from a furnace in the cellar used for staining glass, communicating thence to the adjoining buildings occupied by McDonald & Son, and Capt. I. S. Morehead, thence to the large warehouse of D. Newcomb & Bro., wholesale grocers. The loss is estimated at \$100,000 to \$125,000.

Arrison, who was convicted some time ago at Cincinnati of manslaughter, or killing Allison by an infernal machine, has been sentenced to the Penitentiary for ten years. There is yet an incumbent for murder pending against him, killing Mr. Allison.

Facts for the People.

It is a fact, that John C. Fremont, was the first choice of the Sag-Nicht party for President.

It is a fact, that the Sag-Nicht leaders applied to John C. Fremont, to run him as their candidate and he declined the honor.

It is a fact, that Squatter, ten cent, Federalist, Johnny was nominated by "packed" Delegates to "Delegates of Straw," and Northern Administration "shoulder strikers," "bruiers," and "ballot box stuffers."

It is a fact, that J. C. Fremont, is not a qualified voter of any State in the Union, and not a naturalized citizen of the United States.

It is a fact, that J. C. Fremont, (the Sag-Nicht first choice) is a Roman Catholic.

It is a fact, that the American party is the Union party, and that Fillmore and Donelson are the only true National Union nominees for President and Vice-President.

It is a fact, that the modern so called anti-Know-Nothing party, has caused all the bloodshed, robbery and murder in Kansas.

It is a fact, that the anti-American, Sag-Nicht, anti-Democratic party, thro' Gov. Reeder, offered the first resistance to the constituted authorities and laws of Kansas, and the Pierce Government sustained Reeder and his followers.

It is a fact, that the quasi-Democratic, Foreign, semi-Roman Catholic party has for the past four years been plundering the public treasury, and that the United States during the whole of that time has been without Government except in name.

It is a fact, that on three several occasions the pro-slavery men in Kansas and Missouri have assembled to administer retribution, for unprovoked and unprovoked murders committed by free State men, and have each time encountered United States bayonets, sent there by the administration, only when it became obvious that vengeance would be dealt upon the free State men.

No Fusion.—Form no coalitions, no compromises, no fusions with your enemies. They embrace and kiss but to betray you. You might better be defeated on pure principle than be successful with an amalgamated and adulterated ticket, representing all kinds of isms, with only a shade of Americanism. Let us resolve to fight the good fight as national Americans, if need be to the very death, and when we die, let us die with Protestant American harness on our backs.

A number of Southerners were at Rochester, N. Y., and attended the sitting of the American Convention. On their appearance in the hall they were greeted by the delegates, and invited to seats in the bar. Mr. CLARK, Editor of the Advertiser, Mobile, Alabama, and Hon. F. HUGHES of Florida returned their acknowledgments in neat and appropriate speeches.

The number of voters in New York State according to a statement from the Census Department, is 551,921—of which 516,745 are native voters, and 35,075 naturalized.

There was frost at Augusta, Ga., on Thursday morning, but it was not severe enough to injure vegetation. In South Carolina it is said to have badly injured cotton.

How to HEAD OR BURY THE COT-WORM. As there was so much damage to the corn crop last year from the cut-worm, and fearing the same this year, I submit for your disposal the following fact: About twenty years since my father, found the cut-worm likely to destroy his corn crop; so, taking opportunity after a rain, he went over his corn-field, and with a sharpened stick about the size of a broom handle, made several smooth holes around each hill. When the worms were crawling from one hill to another during the night, it so happened they would fall into these holes, and on account of their clumsy nature were unable to extricate themselves from their prison house. This simple remedy my father found saved his corn crop.

"Squire GARNETT'S SALE."—We are informed that our readers that the sale of "Squire GARNETT'S" farm in this county, together with the stock, crops, etc., is to take place on Thursday next, 9th inst. As we have already stated, this farm is one of the best and most productive in the county. A 30 acre field of wheat the past season, averaged 27 bushels to the acre, weighing 67 pounds to the bushel. Persons wishing to purchase a desirable place, would do well to attend the sale.

HEWLEY'S SECOND GREAT FURNITURE SALE.—As will be seen by our advertising columns, Mr. G. W. Hewley's Second Great Trade Sale of Furniture, will commence on Tuesday, the 14th inst. The warehouses of Mr. H. are rapidly becoming filled to overflowing with Furniture of every description, and his sale will embrace the most splendid assortment ever offered at auction in this part of the State.

WHEELER'S AMBROTYPE.—These pictures are certainly the most life-like and correct which have ever been taken in our city. The ambrotype of Dr. Young shown us by Mr. WHEELER on yesterday, we think has never been excelled by any artist.

WHEELER'S FURNITURE WAREHOUSES.—We had the pleasure a day or two since of looking through the handsomely arranged warehouse of Mr. J. H. Wheeler, opposite our office. Mr. W. has a beautiful assortment of Furniture, of various popular and fashionable styles. His stock of mirrors is very large, embracing every size—some really splendid articles, suitable for parlors. Purchasers of Furniture would do well to give Mr. Wheeler a call—he will be pleased with an examination of his stock, whether they buy or not. See advertisement.

THE PATENT "STAMP EXTRACTOR."—We, together with some 50 or 60 others, invited by curiosity, and despite the weather, visited the firm of Mr. R. H. ROBINSON, in this county, on Tuesday last for the purpose of witnessing the operation of a machine invented to pull up stamps. The trial of the machine gave great satisfaction, and we presume convinced all who were present, of its utility and value. It was powerful sufficient to remove the largest stamps, and can clear away scores of them, great and small, in a day, giving the land occupied by unsightly looking stamps, to the production of valuable grain, and by increasing the produce of the land to the owner. This machine is indispensable to persons who wish to use the patent process of rearing in harvesting, as those inventions can only be used successfully on clear land. The "stamp extractor," in short, is a great invention, and must be seen in operation to be appreciated. It is worked by a yoke of oxen and one or two men or boys, and when attached to a stump, however large, it is bound to come, and that too, with very little effort on the part of the team. W. W. WILLIS is the patentee, and Messrs. R. H. ROBINSON & Co., of this county, the owners of the business for Kentucky. The price of the machine varies somewhat, according to the size desired. Persons wishing to purchase either single machines or contracts, can do so by calling on Messrs. Robinsons.

THE GREAT REMEDY OF THE AGE.—Hurley's Sarsaparilla is winning golden opinions everywhere, and is considered by competent judges the best preparation that has ever been presented to the public. It is the only reliable and unfailing cure in Scrofula, Dyspepsia, Rheumatism, Bronchitis, Catarrhus vesicæ, Syphilis, taint, or any complaint arising from an impure or contaminated condition of the blood. Try it, and you will thank us for the advice.

St. Louis Herald.

Orders directed to any Louisville Drug House, will be promptly dispatched.

TO CORRESPONDENTS.—We have several interesting contributions on file for insertion—among them a well written story by "Veritas." They shall all appear soon.

THE DONORS TO THE DANVILLE THEOLOGICAL SEMINARY are respectfully requested to pay the interest due on their notes, to enable the Treasurer to meet the half yearly salaries of the professors, payable Sept. 1.

WELCOME TO THE RANES.—The Baltimore Patriot, an able and influential paper, has hoisted the flag of Fillmore and Donelson at its mast-head. This is the first fruit of the Whig Convention at Baltimore.

THE HON. J. F. BELL was appointed by the Baltimore Whig Convention, a member of the National Executive Committee.

THE number of postage stamps now sold by our government is 33,000,000. In England the consumption is 180,000,000 per annum.

GRAND RALLIES.—We publish in another part of our paper a list of American Mass Meetings and Rallies to be held in this and the adjoining counties during the present month. Let them all be well attended. Leave your ploughs, shops, stores and offices, and devote a day or two to the work of pushing on the Fillmore ball. The time thus spent will be given to your country, which now, if ever, needs the services of all true patriots. Rally! Rally!

W. C. ANDERSON, Esq., our efficient and zealous District Elector, is getting to be quite a terror to the Sag Niggers, and as we find them abusing him most bitterly, we judge very reasonably that the hot shot which he pours into their ranks are beginning to have their effect. Mr. A. is winning for himself a brilliant reputation in this canvass, and there are few men of his age, who stand as high for ability and eloquence. Our party in this Congressional District could not be represented by one more able to defend its principles.

MR. BELL AT SUMMERSET.—Hon. J. F. BELL, of this place, spoke at Somerset on Wednesday of last week, and Hon. SHERMAN WILLIAMS, one of those curious specimens of consistency, known as a Buchanan Whig, undertook to reply to him. The result was, as might have been expected—"Mr. Williams came out of the fight a used-up man." What he intended as a reply to Mr. Bell's eloquent and truthful defence of Mr. Fillmore, and his exposure of the political rottenness and inconsistency of Buchanan and his party, was, it is said, "a dry, desultory and ineffectual speech," misrepresenting Fillmore in every particular, and making up in bitter denunciation, for what it lacked in argument and fairness. Of Mr. Bell's rejoinder, the Somerset Gazette says:

Mr. Bell rose to the full height of his majestic oratory. He pulled the giant from his throne, and trailed his banner in the dust. Opening his batteries of satire, of argument, of illustration, of irresistible and impassioned eloquence, he rattled the great man through and through, and not a grease spot was left to mark his once formidable proportions. In three minutes he was dying, in five he was dead, and for him, in this country at least, there is no political resurrection. We have seen other men devoured, but never in the course of our day, have we seen so complete a demolition. Shout after shout went up to the heavens; the air was rent with vociferous applause; the crowd, wild with delight, responded to every sentiment by loud and continued manifestations of approval. The day was Bell's and ours. Sherman looked at the crowd with amazement. He evidently questioned his own identity. If Mr. Williams was not a man of unquestionable veracity, we might do him a favor by advising him to deny when abroad that he was in Somerset on the memorable day of his demise. In conclusion we will write his epitaph:—
He died the death of the Sag Nigger, may our land and be not like him.

THE FRANKFORT COMMERCIAL.—The Frankfort Commercial says that some of the Democrats thereabout are saying that a comparison of votes and information among the Democratic leaders show that Kentucky will vote for Buchanan by 7,000, and some of them really seem to believe it; but we tell our friends in all candor and sincerity that if they will work as they ought to work, Kentucky will go for Fillmore and Donelson by a larger majority than she gave Gov. Morehead last year. We can't be beaten in Kentucky except by our own fault. We have the majority of the voters. All that is necessary to our success is to bring those voters out, and prevent the polling of illegal votes by our opponents. We can do this, and the indications from all parts of the State are strong that we shall do it. Let us answer the boasting of our antagonists by energetic action, and when the 4th of November comes, we shall see their lower lips hanging down like dog ears. Make sure that every Fillmore man in your county shall vote. Make sure that no illegal votes shall be given for Buchanan. Do this, and all is safe; do this and Kentucky will stand, as she ever has stood, the friend of the Union, of harmony, of moderation, of conciliation and peace.

THE DEMOCRATIC PAPERS, says the Louisville Journal, have got to telling their readers that the Black Republicans of the House of Representatives have agreed to support Mr. Fillmore if the election shall go to that body, and that Mr. Fillmore will consequently be President in the event of the failure of the people to elect. Well, if this is the case, it is a powerful incentive to the patriotic friends of the American candidate to exert themselves to the utmost in his behalf, so as at the very least to send his glorious name to the House of Representatives, and thus secure his noble services to his wronged and suffering country.

JOHN VAN BUREN stood openly upon the Buffalo abolition platform in 1848, and he now proclaims in his speeches, that, in standing upon the Democratic Cincinnati platform, he has not swerved a hair's breadth from the position which he and his father occupied in 1848. And, when he makes this proclamation, the Buchanan men raise their loudest hurrahs for him.

IN PRESS.—There is now in press, as we learn from the publisher, a new work from the pen of that distinguished author, Mrs. CAROLINE LEE HENTZ, called, "The Banished Son." It will be ready for sale on Saturday, September 27th, and can be had from the publisher, T. B. Peterson, 102 Chestnut St., Philadelphia, on the receipt of either \$1 25 for a neatly cloth bound volume, or \$1 for a paper covered volume. On the receipt of the money, the work will be sent free of postage, to any part of the United States.

The lovers of thrilling romance will be delighted with this opportunity of availing themselves of the pleasure of reading the latest works of this gifted lady.

IT IS JUSTLY REMARKED by the Frankfort Commonwealth, that the Maine election has staggered the faith of many honest men in the South who have been going for Buchanan under the supposition that he could defeat Fremont, while Fillmore could not. They begin to see now that the great probability is, that Buchanan cannot carry his own State, nor anything else in the North; and they are already reconsidering the matter, with a view to giving up Buchanan and supporting Fillmore, if the October elections in the North shall go as they probably will go. We understand that a prominent Democrat of this city said within a few days past, that if Buchanan's party was defeated in Pennsylvania in October, he should go thenceforth for Fillmore; and we have no doubt that there are hundreds and thousands in every Southern State who have made up their minds to pursue the same course in that contingency.

FACTS TO BE REMEMBERED.—It is a fact, says the Richmond Whig, that the notorious Col. Lane, who is the leader of the free-soil and abolition cohorts in Kansas, is a Democrat, was lately a Democratic member of Congress, and was one of those "forty-four sound, national Democrats," who voted for the Kansas bill, and whose praises the Southern Democracy delighted so much to sing.

It is a fact, that the recently elected Governor of Maine is a Democratic Senator of the United States, and has always been a Democrat.

It is a fact, that three-fourths of the leaders of the Black Republican party are of the Democratic school of politicians.

It is a fact that Fremont himself—the Black Republican candidate for the Presidency—has always been a Democrat of the first water, and was elected as such, and by Democrats, to the United States Senate.

It is a fact—the blackest fact of all—that the first Black Republican ever sent to Congress from the South is a Democrat, and was elected by Democratic votes. We allude to F. P. Blair, Jr., of Missouri.

WANTED \$50,000 FOR PENNSYLVANIA.—We see it stated that, at a recent meeting of prominent Democrats in New York, Mr. Sidel, of Louisiana, was present, and said that New York must raise \$50,000 at once, or Pennsylvania would be lost to Mr. Buchanan. What part of the sum was subscribed has not yet transpired.

Mr. Sidel, it is well known, is Mr. Buchanan's financier in the present campaign, and it is reported that he betrays the greatest alarm at the declining fortunes of his friend and patron.

NEW YORK.—The anties are laboring hard to humbug one another and the "rest of mankind," respecting the State of New York. In speaking of these futile efforts of the anties, the Nashville Gazette says it has authority for saying, "that the Buchanan men are so well satisfied that they will be defeated in New York, that they have made a private proposition to the Americans to unite with them in order to defeat Fremont! That shows what their honest faith is, the hypocrites!"

IT WILL BE RECOLLECTED that Mr. Cobb, of Georgia, and Mr. Orr, of South Carolina, canvassed in Maine for the Democracy, previous to the late election in that State. The Washington Organ says they declared, if the Democrats did not carry the State, they should despair of the election of Mr. Buchanan. Of course we may expect to hear from them now nothing but the wailings of woe.

THE NASHVILLE (Tenn.) Banner says: "In our thirty years' editorial experience we can with truth say we never knew the leaders and organs of any party in as horrible a fix as are the leaders and organs of the Democratic party at this present writing. Sinking, fast sinking, under the unbearable weight of Mr. Buchanan, the way they squint, squirm, wriggle, and twist, and catch at straws, is a caution."

THE PHILADELPHIA papers state that the Hon. Lewis C. Levin, ex-member of Congress, has become deranged, and has been placed in the Pennsylvania Hospital for the insane.

"WATCHMAN, WHAT OF THE NIGHT?"—The rapidly brightening prospects of the American party, and the rapidly declining chances of the opposition, must be evident to every observant man. We have daily the most cheering advices from every section. The conservative men are rallying everywhere to the standard of the Union, resolved to do their duty for their country's good, by voting for Fillmore, because he is the best, the right, and the only man for the present crisis.

We make the following extracts from a letter written to the Louisville Journal, from Oswego, New York. Buchanan, as it will be seen, is regarded as "a dead cock in the pit" in that State, as he is throughout the entire North. The South can defeat Fremont with Fillmore, but never with Buchanan. The writer from whom we quote, says:

"* * * Hundreds and thousands are leaving the ranks of Fremont and joining the Fillmore column. This is more than mere speculation; it is truth, and all honest, impartial observers concede the State to us."

I know not how you stand at the South, but in New York, New Jersey, and Massachusetts we are, and have been, steadily increasing in number, and strength. These three States are pretty sure to go straight. As for New York, there can be no doubt. There are elements in our ranks little known to you Southern voters, which will swell the American majority to 10,000 or 50,000. This is no. We are thoroughly organized and are most enthusiastic.

Buchanan is a dead cock in the pit. He cannot get 100,000 votes in the State. Fremont's Romanism, which is established beyond a doubt, is daily losing him hundreds. * * * Now, all we Northern folks wish to know, is whether you Southerners intend to stand by us or not. We do not doubt but we shall carry Kentucky, Tennessee, Louisiana, Maryland, and perhaps Virginia and Delaware. Can you give us North Carolina, Alabama, and Georgia?

Pennsylvania is coming boldly to the rescue, and we have strong hopes of the "Keystone" State. Sets are freely offered from New York, Massachusetts, New Jersey, California, and Maryland for Fillmore.

The National Intelligencer has come out for Fillmore, in the action of the Whig Convention at Baltimore. The Intelligencer is a host in itself.

Erastus Brooks, of the N. Y. Express, is the American nominee for Governor of New York.

Grand and Enthusiastic Meeting in DAYTONVILLE, KENTUCKY.

Organization of a Fillmore and Donelson Club.

On Wednesday, the 24th ult., the citizens of Daytonville and vicinity, in Phillips & Robinson's store room, for the purpose of organizing a Fillmore and Donelson Club, were assembled. James Yantis was called to the chair, and James M. Phillips appointed Secretary.

James M. Phillips, Richard M. Robinson, and James M. Phillips were appointed a committee to draft resolutions for this meeting, and upon their retirement they drafted and reported to the meeting the following resolutions, which were unanimously adopted:

Resolved, That we, the members of the Daytonville Fillmore and Donelson Club, do conscientiously believe that Fillmore and Donelson are the only candidates now before the American people, upon whom both North and South can with any consistency unite, and therefore:

Resolved, That in order to preserve our great and glorious Union, we must use every effort to elect them to the highest office in the gift of the American people.

Resolved, That feeling conscious that we belong to the great conservative party that knows North, South, and West, and that our country, one and undivided, we therefore declare to the world, and "the rest of mankind," that we enter this contest for Fillmore and Donelson upon the question of expediency; and, therefore:

Resolved, That we are for them first, we are for them last, and we are for them, survive or perish, we are now, and we will be unto the end of this struggle, for FILLMORE, DONELSON AND THE UNION.

Resolved, That the proceedings of this meeting be published in the Kentucky Tribune, Lexington Observer and Kentucky, and in the Nashville Banner.

JAMES M. PHILIPS, Sec'y.

Tribute of Respect.

At a meeting of the students of the Danville Theological Seminary, held on Tuesday, 23d of September, (second day of the session,) Rev. James M. Phillips was called to the chair, and a Committee was appointed to draft a series of resolutions, and to read of our esteemed brother, WILLIAM S. MCNAUL. The following preamble and resolutions were reported and adopted:

Resolved, Having learned of the death of our esteemed brother, WILLIAM S. MCNAUL, a few weeks after the close of our last session, therefore, Resolved, That we mourn the departure of our talented brother, called away in the morning of life, and while actively engaged in preparation for the great work of preaching the gospel of Christ; still we recognize in the mysterious hand of Providence, who "doeth all things well."
